

SuperFoodsRx[™] feed the body, nourish the soul

Westin has partnered with SuperFoods Partners LLC, owners of the SuperFoodsRx brand to become the first hotel brand to create a SuperFoods-focused menu for our guests. SuperFoods are rich in antioxidants and phytonutrients. The key to the SFRx philosophy is "food synergy". Emerging science shows that certain foods play off each other. Food synergy refers to foods that, when paired together, are even more nutritious than when they are eaten separately.
