MISSION HILLS

RESORT & SPA

RANCHO MIRAGE

"The Heart of the Palm Springs Valley"

Be rewarded for going **GREEN** at The Westin Mission Hills Resort & Spa

Book a "greener event" at The Westin Mission Hills. With every signed contract, we will send you a gift card worth up to **\$400** redeemable for your next **green** Car Rental, a new bike or any other **green** activities!

Why go green? Lodging is the fourth most intensive user of energy in the United States commercial sector. Improving energy efficiency in the hospitality industry helps reduce energy consumption, thereby reducing greenhouse emissions and global climate change. Reductions in the use of hazardous cleaning materials, energy consumption and waste disposal all contribute to protecting the land, air and water resources in our local communities.
