FOR IMMEDIATE RELEASE

**Westin Mission Hills Resort & Spa named to
Conde Nast Traveler list of Top 80 Golf Resorts.**

Rancho Mirage, CA—The Westin Mission Hills Resort & Spa today announced that the resort has been honored with inclusion on the 2010 *Conde Nast* list of **Top 80 Golf Resorts**. The rankings are published every two years. The rankings list was featured in the June issue of *Conde Nast Traveler*.

“We are honored to receive this recognition, it is a tribute to the dedication to customer service of our associates, the quality of our golf experience and the quality of our overall resort experience”, said Ken Pilgrim, General Manager of the Westin Mission Hills. The resort was one of only two Coachella Valley resorts to appear on the prestigious list and was honored to be one of the top ten California resorts in a strong competitive field.

In October 2008, the Westin Mission Hills completed a \$ 20 million dollar guestroom and public space renovation. The resort re-designed all guestroom and suites and provided a robust wireless internet service in all areas of the property along with an updated lounge, health club and building exteriors.

The Westin Mission Hills Resort and Spa is a 512 room resort featuring two championship golf courses designed by Pete Dye and Gary Player. The Westin Mission Hills is located at 71333 Dinah Shore Drive in Rancho Mirage, CA. The resort’s golf courses are managed by Troon Golf, based in Scottsdale, AZ.
